The Bible tells us that faith is being sure of the things we hope for and knowing something is real even if we don't see it, Hebrews 11:1. As Christians we have faith because we believe in God even though we have never actually seen Him and we have hope that we will live with God in heaven for ever, even though we haven't been to heaven yet.

We grow our faith by hearing from God. Three ways we do this are;

- 1) Reading our Bible daily and asking God to show us what is important.
- 2) Remembering the great things that God has already done in our lives.
- 3) Worshiping and learning about God with other Christians at Church each week.
